TWO MACHINES IN A COLLISION

Miss Laurett Abercrombie Suffers
Broken Ankle While Riding on
the Running Board

OTHER YOUNG PEOPLE ESCAPE

Ford Touring Car Turns Over But
Roadster Which is Hit Remained
Right Side up

Two automobiles were in collision at the corner of Perkins and Eighth streets Sunday night shortly after nine o'clock and Miss Laurett Abercrombie, high school student and daughter of Mr. and Mrs. Guy Abercrombie, 613 North Perkins street, suffered a broken ankle, but eight other young people in the two cars rather remarkably escaped injury.

A Ford touring car driven by Clarence Lanham, son of Mr. and Mrs. John B. Lanham, living south of the city, struck broadside an Essex roadster belonging to Oscar Newhouse, living north of Rushville, and which was being driven by the owner's son, Roscoe Newhouse.

The Essex was going north in Perkins street and the Ford was going east in Eighth street. The way the two cars were damaged indicates that Lanham saw the Essex just before the impact and attempted to swerve to the left because the force of the blow was on the left front fender and wheel of the Ford.

The Ford shoved the roadster over against the curb and then turned over. The top was mashed in and the front axle bent. The Essex did not turn over, but the right rear wheel was broken down, the front axle was bent and the running board on the left side smashed.

Miss Abercrombie was riding on the running board of the roadster on the side on which it was hit. She had the presence of mind to raise her body when she saw that a collision was imminent and escaped more serious injuries.

An X-ray examination of the injured ankle last night disclosed that four bones were broken.

Miss Abercrombie, together with Viola Jay, Miltime Cross and Eleanor Lambert, had been spending the evening with Miss Virginia Carter, 530 North Morgan street, and were being taken home by the Newhouse boy when the accident happened.

In the Lanham car were the Misses—

EX-GOB ARRESTED FOR DOUBLE MURDER

Clifford Hayes Held At New Brunswick, N. J. On Confession Of
Companion After Grilling

MISTAKEN IDENTITY ALIBI

(By United Press)
New Brunswick, N. J. Oct. 9.—Crouching in terror of the crowd that edged about the court house here Clifford Hayes, youthful ex-sailor was taken to Somerville jail this afternoon to be formally charged with the murder of the Rev. Edward Wheeler Hall and Mrs. Eleanor Mills. Hayes arrest was a surprise in the sensational murder case. It followed the governor's ultimatum that the slayer of the couple must be found.

Hayes and a companion named Raymond Scheider were grilled all night and upon the latter's confession that Hayes shot Dr. Hall and Mrs. Mills by mistake, the ex-gob was placed under arrest.

A story of the killing in which Scheider said Hayes and he saw Dr. Hall and the pretty chorons singer on Phillip's farm and that Hayes killed them believing Mrs. Mills to be unfaithful sweetheart, is understood to have told the authorities.

Seraps of Scheiders alleged confessions that have reached the public however, leaves much to be explained, concerning the death of the couple.

I. & C. CONDUCTOR IS HURT

Frank Schilly Breaks Three Ribs in
Fall This Morning

Frank Schilly, a conductor on a stock train on the I. & C. Traction line, was painfully injured this morning about 5:30 o'clock at Manzy, when he slipped on the damp rails, and fell across a rail, breaking three ribs on his left side.

The injured man was removed to his home in Greensburg, after having been given treatment here. The accident is not considered serious, but is painful, and he will again be back on the run within a few days.

HIT BY PASSING CAR AND SHOVED OFF ROAD

Oakland Touring Car in Which Mr.
and Mrs. James Wilson Were Riding,
Goes Down Embankment

WOMAN SLIGHTLY INJURED

A large Oakland touring car, belonging to James Wilson, rural route 2, living east of Rushville, was badly damaged when it was struck by a large Nash touring car driven by a man from Chicago, on the road just east of here Saturday afternoon about 1:30 o'clock, and all the occupants of the two cars escaped with only minor bruises.

The Wilson machine was going east and the Chicago car was coming west. A wagon in the roadway figured in the mishap, and the Chicago machine skidded crossways in the road when attempting to pass the other two vehicles, and crashed into the Wilson car.

It was thrown down the embankment, between the iron bridge and the East Hill cemetery bridge, and struck a tree, breaking off the two front wheels, mashing the top, and almost wrecking the car. The Chicago car was battered, but was not overturned.

Mr. and Mrs. Wilson escaped marvelously, and the Chicago car contained five men, all of whom escaped. Mrs. Wilson received bruises about the head, when the top of the machine hit her. The Wilson machine was insured against accidents.

KILLS HIS 3 CHILDREN

Rochester, N. Y. Oct. 9—Despondent over his inability to obtain steady work William E. Wheeler, aged 27, last night killed his three children in the bath tub and then sent a bullet through his own brain. The children were Essel, 5 Grace, 2, and Russell, six months. Wheeler's wife discovered the bodies on her return from church.

TWO STATE CASES ARE SET FOR TRIAL

Charley F. Ricketts, Bert Wilson and
Charley Barnes to be Tried For
Unlawful Possession

FILES MOTION TO QUASH

Action Taken by Elbert Morris of
Milroy When Arraigned—Margaret
Dudgeon Gets Divorce

Two state cases, each charging unlawful possession of liquor, will be tried in the circuit court this week, one being against Charley F. Ricketts on Tuesday and the other against Bert Wilson and Charley Barnes on Thursday. The jury has been called for the cases.

On Wednesday, the grand jury will again be in session for the day, taking up several matters which have been directed to their attention in the past few days.

Elbert Morris, the Milroy veterinarian, who was ordered to appear Saturday in court, following his arrest on a charge of encouraging delinquency, appeared and through his attorneys filed a motion to quash the charge. This matter will probably be among the work outlined for the grand jury on Wednesday.

Most of the time was taken up Saturday with the hearing of the Margaret F. Dudgeon against Jasper Dudgeon divorce case. The plaintiff was granted a divorce, following the conclusion of the evidence, and her former name of Margaret Vandiver was restored. The court found against the defendant on his cross complaint.

The court found against the defendant party their own witness fees in the case. The parties reside in Glenwood and several witnesses, as well as spectators, filled the court room during the hearing of the case.

As was announced on Saturday, there were two other divorcees granted earlier in the morning.

Samuel H. Trabue and David M. Trabue have filed suit in this court against the Lake Erie and Western railroad and the Pennsylvania railroad, the complaint being for \$1,500 damages.

It is alleged in the complaint that on October 12, 1920, the plaintiffs shipped 11 cars of hogs from Mays to Pittsburg, Pa., over the two railroads, and that the hogs were valued at \$35,000. The complaint says that the railroads agreed to deliver them to the destination within 28 to 30 hours, and that they did not arrive until 24 hours later.

The shipment contained 816 head of hogs, and the shrinkage caused by delay, and the death of one hog, is alleged to have caused the plaintiffs to be damaged to the extent of \$1,500.

Grandstand Plays in First Game Lacking Because of Poor Attendance

Second Game of Little World Series,
to be Played Wednesday, Promises
to be Better Attended Because
Word has Gone out Regarding
Talent Engaged. Faithful Fan
Writes History of Players.

(By FAITHFUL FAN)

The first base ball game of the Little World's Series between the Rotary and Kiwanis Clubs was not well attended because the public was not informed of the talent engaged. It is very seldom that such characters, we say it advisedly, "such characters," are gathered together in one aggregation as was seen in the game at the Tail Lights Park on Wednesday September 27. This same talent will again be seen at the Tail Lights west end ball park on Wednesday October 11. The fur will begin to fly at 2:30 o'clock sharp. Remember the time and place and especially the "sharp". The first game was so poorly attended that those players who are accustomed to make grand stand plays only, were completely disheartened.

A short review of the records of

these players will convince the "nearest" money grabber that the Woman's Council can make better use of his money than he can himself. Give close attention to the following records of these players:

The veteran pitcher, Harold Pearce, who for five years back in the nineties pitched the Rag weed team to victory over the Dog Fennel team and with the proceeds brought Guy Mulbarger to town as manager, after which the team disbanded.

South paw, Floyd Kirklín, who gained fame in his line at Hard-scrabble district School in Delaware county and some ten years ago formed a partnership with Clarks Flour Mill, where he has since been flour-ishing, will be seen in action as well as in repose, and is good to look upon.

Roy Harrold, the scribe. His business has well fitted him for side stepping flies, when running he looks like a discarded pair of scissors. Don't fail to see him. Bring your field glasses.

Louis Mauzy, small but, O My! Learned to duck in his swimming.

TURKS WITHDRAW FROM ISMID TODAY

Forces Leave City in Neutral Zone,
According to Official Announcement
at Constantinople

IN DAY'S MARCH OF CITY

Kemalist Troops Close by as Allied
Generals Meet to Untangle Near
East Problem

(By United Press)

Constantinople, Oct. 9.—Turkish forces today withdrew from Ismid in the neutral zone, it was announced here.

Paris, Oct. 9.—Traffic across the Straits of the Bosphorus to Constantinople was stopped by the British today when the Kemalists took up positions within a day's march of the city, according to word received here from Constantinople.

By EDWARD J. BING

(U. P. Staff Correspondent)

Mudania, Oct. 9.—Kemalist leaders were within a day's march of Constantinople as allied generals met with Ismet Pasha in a renewed effort to untangle the Near Eastern problem today.

In spite of the promise of Ismet, Turkish Nationalists representative, to cease concentration of troops in the neutral areas, the Kemalists surged into forbidden area.

Turkish cavalry have reached Shile and Yarmise, both places far within the neutral zone near the Bosphorus, at the right of the Sea Marmora.

His army is in a day's march of Constantinople. The cavalry is also nearing Karayakobi, which is in the same area.

The concentration in the neutral zone on the west of the sea of Marmora in the vicinity of Chanak is also continuing. In this area infantry have replaced cavalry which is taken to mean that the Turks intend to dig in to hold their positions.

Teh latest allied plan of peace, which includes the immediate withdrawal of the Greeks from Thrace and the occupation of that territory by the allies for a period of a month, after which a Turkish civil administration may be set up, was presented to Ismet by the military representatives of Great Britain, France and Italy.

The situation was somewhat relieved when the Greek cabinet instructed the Greek representatives to inform the allies that the government would order its nationals out of Thrace. The Greeks, however, asked for two months, instead of one, to evacuate.

MACHINE CRASHES INTO A CARRIAGE

New Car Being Driven By V. R.
Thompson Of This City Hits
Vehicle North Of Shelbyville

ONE HORSE FATALLY INJURED

A new automobile driven by V. R. Thompson of this city, an automobile agent, crashed into a carriage in which John H. Gabhart and seven children were riding, Saturday night, on the Michigan road eleven miles north of Shelbyville, but no one was seriously injured.

A horse being led at the side of the carriage was seriously injured and had to be killed. Mr. Thompson was driving up a hill and his car had gained considerable momentum when the carriage suddenly loomed up ahead of him.

Gabhart and his family were driving from Mercer county, Kentucky to Jacksonsville, Ill. Mr. Thompson obtained another car and took the occupants of the carriage to Indianapolis, where he bought them railroad tickets to their destination.

The car which the local automobile agent was driving, was seriously damaged, but it was regarded as exceptionally fortunate that none of the children was injured.

"TAG DAY" YIELDS THE SUM OF \$108.50

Salvation Army Appeal Results In
Adding Approximately \$650 To
Local Corps' Funds

SOME REPORTS STILL OUT

"Tag Day" for the Salvation Army fund, held in Rushville Saturday, yield \$108.50, according to reports received by Earl H. Payne, treasurer of the Salvation Army Advisory board. The weather interfered with the "Tag Day" activities because the girls who sold tags were compelled to remain indoors all afternoon due to rain.

"Tag Day" ended a week's campaign by the Salvation Army for money to support the Rushville corps during the winter months, when many calls for relief are received.

Indications were today that the week's campaign would result in the corps being enriched at least \$650. There are prospects of this amount being increased because a number of local soliciting committees have not yet reported.

Salvation Army leaders from surrounding cities conducted a house-to-house canvass Tuesday, Wednesday and Thursday.

TO TEST DAUGHERTY RULING

Cunard and White Star Line Send
Ships Stocked With Liquor

London, England, Oct. 9—Seven ships of the Cunard and White Star line, are to sail for America this week, fully stocked with liquor to test out Attorney General Daugherty's order prohibiting ships from entering American ports with liquor on board.

This announcement was made following a conference of shippers who met to decide what course to pursue. The names of the ships to be used in the test will not be made known.

GIANTS CHAMPS FOR SECOND TIME

Same Punch in Pinch That Enabled
Them to Win Other Games Brought
Them From Behind

BREAK HEART OF THE YANKS

Giants Use Concerted Attack And
Hit and Run Offensive—Total Re-
ceipts \$484,921

By HENRY L. FARRELL

New York, Oct. 9.—The New York Giants are the champions of the world for the second successive time.

Beaten as only two teams have been beaten in previous world series, the New York Yankees have only one title—American League champions, and that by a shade of one game.

Back in 1907 the Detroit Tigers lost to the Chicago Cubs without winning a game; in 1914, the Philadelphia Athletics dropped four straight games to the Boston Braves; this year the best the Yanks could get from the Giants was one tie game.

The same punch in the pinch that had brought them from behind in the other games enabled the Giants to take the last game, 5 to 3, after it seemed certain that the Yanks had broken the spell that hung around them.

With a concerted attack and a hit and run offensive that worked like an air hammer, the National League champions scored three runs in the eighth inning and broke the heart of the Yanks as well as winning the game and the series.

It was a blow by George Kelly, the long first baseman of the Giants, and it was a blunder in the minds of many, on the part of Manager Huggins that made it possible for Kelly to get his crack at the ball. It was generally doped around the circuit last year that Kelly didn't have courage in a tight place, and when Young came to bat in the eighth with two on, Huggins ordered him in passed to bring up Kelly with the bases filled.

Over the strenuous objection of Joe Bush, Young was passed and Kelly got a smashing single to center to win the game. Bush figured that Young had not been able to hit him while Kelly had three singles off him, and he wanted to pitch to Young.

The total receipts for the series, excluding the money taken in for the second game, were \$484,921. The players got \$247,309; the club owners got \$82,436 and \$72,738 went to the advisory council.

The Giant players probably will get \$5,000 each and the Yanks as losers, probably will get \$3,500. It is not known exactly how they will divide their money.

WOMAN HACKS HER SON WITH A BUTCHER KNIFE

Mrs. Lulu Maddox, 39, of Indianapolis, Admits Inflicting Wounds
on Kenneth Maddox, 19

SAYS HE THREATENED HER

(By United Press)

Indianapolis, Ind., Oct. 9—"Be ye kind; forgiving others as God forgives you."

This was the motto on the wall in the home where Mrs. Lulu Maddox, 39, hacked her son Kenneth, 19, with a butcher knife today, according to her confession.

Kenneth was in the hospital with ten knife wounds.

Mrs. Maddox said Kenneth had entered the kitchen early today and accused his mother of moving his trousers. She said her son cursed her and threatened her life. Then she admitted she seized a knife and did not cut her son but only "hacked him."

Kenneth, Mrs. Maddox also asserted, attacked her other son, Otto, 17, and she said, "I hacked Kenneth to protect little Otto."

GERMAN WATERS NOW CLEARED OF MINES

Berlin, (By Mail to U. P.)—The work of clearing the German seas of dangerous mines, planted during the World War, has been successfully completed without the loss of a single life.

German mariners, ending their three and a half-year task, today announced that the 47,000 English mines, the 10,000 German mines and the hundreds of Russian mines planted in the North and Baltic seas have been taken from their watery beds and that the seas are free again.

In February, 1919, German sailors began their hazardous work. Their first effort was to clear a lane wherein ships from Northern European ports, Kiel, Hamburg and Dantzig, could safely ply.

FUNERAL OF ACCIDENT VICTIMS IS HELD TODAY

Mrs. Harriet Hargot and Six Children Killed by Pennsylvania Train Near Valparaiso

CAR STALLED ON CROSSING

(By United Press)

Chicago, Oct. 9.—Funeral services were held today for Mrs. Harriet Hargot and her six children who were killed when a Pennsylvania railroad express train crashed into an automobile in which they were riding near Valparaiso, Indiana, yesterday.

The accident occurred while the Hargot family was moving from Chicago to a farm near Plymouth, Indiana.

Killed were Mrs. Hargot, Raymond, 12, Irene, 10, Richard and Suzanne, twins, 6; Marguerite, 3, and Edmund, 18 months.

Rene Hargot and his son Rene, Jr., 14, narrowly escaped.

STARTS PROBE OF KILLING REFUSES TO REOPEN CASE

Valparaiso, Ind., Oct. 9.—The Porter county coroner today started investigating the death of Zack Williams, 30, who was shot and killed instantly by Patrolman Jerome Frankes.

William, a federal board student at Valparaiso University, was parading the streets with a shot gun threatening persons with death. Persons whom he threatened said he was drunk.

Frankes and another policeman drove toward him in an automobile. Williams fired at them and wounded both. Frankes shot once and struck Williams in the leg. Williams raised his gun as if to fire again. Another shot from Frankes' revolver pierced a jugular vein in Williams' neck.

Washington, Oct. 9.—The supreme court today denied the petition of the Coronado Coal Company for a reopening of the famous suit brought by that company against the United Mine Workers of America.

In a momentous decision last spring the high court knocked out judgment of \$600,000 obtained by the coal company for damage to its mine in its Missouri and Arkansas strike of 1914, but held that the United Mine Workers and other national labor organizations are subject to strike damage suits, where it can be proved that property is damaged.

It is expected now that the Coronado Coal Company will bring suit against the local union involved in the strike at the company's mine.

frontiers and ends of the earth to
find romance.

The advance of many young men
in commercial life has this element
of romance, of triumph over diffi-
culties. At the start they did not
look like winners. Often they did not
have much education or social ad-
vantages. But they had an idea in
their head, that by telling the pub-
lic what you have to sell, and sup-
plying good stuff, you can invariably
win trade.

From the very opening of their
little shops, those fellows would be-
gin telling the public about their
goods. They considered that the
distribution of this information was
just as much an essential of busi-
ness as hiring a store to trade in.
And from the very first, as the re-
sult of this idea, the public re-
sponded to their initiative, and came
in increasing numbers to see what
they were selling.

As their sales grew, so their pub-
licity would grow. In many cities
fellows who were at first laughed at
for their deficiencies, have risen to
the top of the ladder, just because
they made use of the power of ad-
vertising. Their triumph over obsta-
cles and difficulties had as much ro-
mance as the adventures of the
traveller in far lands.

A Lasting Peace
It is to be hoped that peace of
the lasting kind will eventually be re-
stored in the far east. But should we
be disappointed in this, in the event
of a resort to arms the government
should clearly understand that it is
no affair of ours and that we want
no hand in it.

It is mandatory that American ci-
tizens in the troubled area be pro-
tected, and removed if advisable,
and the entire navy should be em-
ployed for this purpose if necessary.
But right there our activity should
cease.

America for native born or natu-
ralized Americans, and no foreign
entanglements.
That is good enough for us.

KIWANIS IN STATE
WILL HAVE RILEY DAY

This Week Has Been Set Aside for
Observance by All Clubs in Re-
sponse to Campaign

HAVE PLEDGED \$150,000

Indianapolis, Ind, Oct. 9.—Riley
Day will be observed by all Kiwanis
clubs in the Indiana district during
this week until October 14 in re-
sponse to a request from J. N. Bro-
mert, governor of the Indiana Ki-
wanis district.

The Kiwanis clubs, at their recent
convention at Anderson, adopted a
resolution favoring the raising of a
\$150,000 fund for the erection of
one of the wings of the James Whit-
comb Riley Hospital for Children,
now under construction here.

Mr. Bromert, in a letter today to
members of the clubs, sets out:
"When the Riley Hospital for Child-
ren is completed and the Indiana
Kiwanis district clubs have sub-
scribed the amount for the erection
of one of the wings of the hospital
and equipped it with at least one bed
for each Kiwanis club in the dis-
trict, then will we have reason to
rejoice because we will have ren-
dered a real service to those unfortu-
nate ones who always were so near
and dear to the heart of the immor-
tal poet, James Whitcomb Riley, in
whose memory this hospital is being
built."

ARLINGTON LOSES HARD FOUGHT GAME

Athletic Club's Football Team Out-
Plays Wilkinson in Last Half
But is Unable to Score

VISITORS SCORE TOUCHDOWN

The Arlington Athletic Club foot-
ball team lost a hard fought bat-
tle Sunday afternoon on the field at
Arlington, when the Wilkinson inde-
pendents captured the contest, with
a lone touchdown, 6 to 0.

The Wilkinson team had a couple
of former Butler college players and
a strong line which proved to be
their winning point, and they out-
played Arlington in the first half.
During the last half of the game Ar-
lington outplayed the visiting team,
but could not force a touchdown.

At one time in the last half Ar-
lington had a good chance to tie
the score, but a forward pass failed
and the ball died on the 18-yard
line. The game was well played by
both teams, and all of the fans
were highly satisfied with the con-
test. Next Sunday Arlington will
journey to Gosport, where a hard
game is expected. On the Sunday
following, the Greenfield Flyers will
be the attraction at Arlington.

By HENRY L. FARRRELL
(United Press Sports Editor)

New York, Oct. 9.—Middlebury
College never has and may never
figure among the great ones of big
football. If the time ever comes,
however, that gameness and cour-
age count in the fall ranking. Mid-
dlebury will be right up there among
them.

Just a little college with a stu-
dent enrollment of 447, Middlebury
has a team that is going to play
Harvard, Williams, Dartmouth and
Penn States in the first four games
of the season.

That schedule has the appearance
of seeking, instead of dodging, the
bumpy spots.

John McGraw will have \$75,000
worth of first baseman next spring
when Jimmy O'Connell reports from
the San Francisco club. From re-
ports the Giants may have also
\$75,000 worth of bench material in
the same player.

O'Connell is trying for an outfield
job on the club, but he can't go
back for a fly and he can't throw
according to a reliable critic who
has watched O'Connell play for a
long time. He is also said to be a
sort of languid person on the field
while McGraw feasts and lives on
pep.

France is making constructive
moves to get a championship team
in the next Olympic games at Paris
in 1924. Georges Carpentier has ac-
cepted the post of coaching and
training the boxing team that France
will put into the ring and if he can
teach them one small fraction of
what he knows, the French ringsters
will be hard to beat.

Benny Leonard has announced
that he is going into the clothing
and haberdashery business to pre-

pare himself against the time when
he must retire from the ring.

Eddie Cantor, the Winter Garden
comedian, rises to remark that Ben-
ney is going to take their measure
in the future with a tape instead of
the gloved dukes.

William Muldoon, chairman of the
New York Boxing Commission, can
be accused of most anything but a
lack of frankness. When howls were
made that Joe Lynch worked under
wraps when he lost a decision to
Kid Wolfe here recently, the chair-
man of the commission said:

"I am convinced that Lynch is
greatly overrated. He does not
measure up to the standard which
qualifies a boxer as a participant in
a star bout at Madison Square
Garden. Frank Jerome or Terry
Martin could have knocked him out
that night.

Muldoon, however, should not
pass judgment in a manner that will
injure the drawing ability of a boxer
on the showing that he makes in one
fight. Lynch is known as a spotty
fighter—extremely great at one time
and terribly poor at another.

After the last Dempsey-Brennan
fight it could have been said and
was said that Dempsey was an over-
rated champion, but it wouldn't
have meant a thing after early
July last year.

Less Clothes. More Pay Ultimatum of Chorus Girls

Paris, Oct. 9.—This is the truth.
Chorus girls here threatened to go
on a strike against appearing "dis-
able" unless their wages are in-
creased.

The demand is:
The less clothes, the more pay.
They hold that the prevailing pay
for appearing in the nude is not suf-
ficient inducement for dispensing
with their garments.

The present wage scale:
In costume, 300 francs month.
Semi-draped, 352 francs a month
Unadorned, 400 francs.

SERIES ENDS WITH VICTORY OF GIANTS

John McGraw's Athletes Trample
Yankee Machine For Four Straight
Games And Upset Dope

FIGHTING SPIRIT WINS

American League Champions Looked
Like Collection Of Indifferent,
Hesitating Stars

By FRANK GETTY
(U. P. Staff Correspondent)

New York, Oct. 9.—"Dope. Any
thick liquid or semi-fluid." Funk
and Wagnall's standard dictionary.
And the big book adds:

"Specifically: Axle grease."
Which just about expresses par-
value of all the prognostications,
concerning the past week's unpleas-
antness at the Polo Grounds, where
John McGraw's Giants trampled all
of a one great Yankee machine for
four straight victories and the third
world's series championship for New
York's Napoleon of baseball.

The dope, in the parlance of the
day, was all wet.

Of course, it must be admitted that
the writer in these columns predicted
that the Giants would win four
straight games. But the rest of the
crowd that hit it right can be counted
on the fingers of John Silver's right
hand.

When the coroner holds his inquest
over the body, which will probably be
found floating in the Harlem river
today, death will be declared due to
a complication of causes.

Suspicion will point to John Mc-
Graw.

Before one starts to tell how bad
the Yanks were, one's hat must
come off to the stocky little Giant
manager. His handling of his men
in pinches, the east iron nerve and
calm confidence that left Hugh Mc-
Quillan in the box after a bad start
in the first inning of the fourth game
for example, his baseball strategy
that never failed to show the willing
Giants the way to the needed tally,
of the biggest upsets in baseball
these were the biggest factors in one
history.

Coming only a brief span behind
the Giants manager in the line up
for credit, stands the entire Giant
team. Fighting spirit that wouldn't
stop that always produced the punch
even when left flat-footed at the
start, oozed from each Giant like
ectoplasm from a medium. When
they went to bat there was elec-
tricity in the air and the Yankees
coming. In the field they went after
everything.

Now, when a ball club gives this
kind of service behind pitching such
as Art Nehf, Hugh McQuillan, Jess
Barnes, and last but not greatest, Jock
Scott produced, there is little reason
to wonder why they win. The Giants
playing as they did in the 1922 series
with the same breaks, probably would
have beaten any club in baseball.

But the Yankees, harsh though it
sounds to say, weren't even a ball
club. They appeared to the writer
a collection of largely indifferent hes-
itating careless, aver-rated stars—
leaderless, and without the will to
win. They actually gave the impress-
ion of not caring whether they won
or not.

Probably they did, because the
losers share in the series provided
only \$3,225 for each player, and this
to the high salaried Yanks, is scarce-
ly pocket money.

Another factor in the demise of
the grand old dope was the inability
of Miller Huggins to do anything
about it. The Yanks, beyond a doubt
were not working with their dimin-
utive manager. They quarreled with
him en masse, it is reported, just be-
fore the first game, and again after
the second.

MINNESOTA AND I. U. WILL MEET SATURDAY

Louis Mauzy Named Chairman To
Arrange For Rush County Alumni
To Attend Indianapolis Game

OPENING "BIG TEN" GAME

Indianapolis, Ind. Oct. 9.—Louis
Mauzy of Rushville, has been ap-
pointed chairman of the Rush county
alumni committee which will make
arrangements for that county's
participation in "Big Ten Day" here
October 14, when Minnesota meets
Indiana on the gridiron.

Thousands of football fans from
all parts of the state will gather at
Indianapolis for the first Western
Conference football game in the city
since 1920. Special cars will carry
delegations from Fort Wayne, Mar-
ion and other larger centers.

The program will open with a big
"pep meeting" and reunion of alumni
and former students of the state
university at the Claypool hotel on
the eve of the game. A parade of
two thousand old grads and students
is scheduled for the morning and
there will be a number of class re-
unions, smokers and dances after
the game.

Minnesota and Indiana will open
their respective Big Ten schedules
in this contest. The Gophers, under
the tutelage of their new coach, Bill
Spaulding, are impatient to win their
first Big Ten start. Coach "Pat"
Herron, former Pittsburg player and
athletic star who took up coaching
reigns after "Jumbo" Stiehm be-
came ill, has developed an eleven
which gives promise of a new era in
gridiron history at Indiana.

PAINS ACROSS SMALL OF BACK

Husband Helped in Housework.—
Lydia E. Pinkham's Vegetable Compound Made Her Strong

Foster, Oregon.—"I used Lydia E. Pinkham's Vegetable Compound for pains across the small of my back. They bothered me so badly that I could do my work only with the help of my husband. Onedayhesaw the 'ad.' in our paper telling what Lydia E. Pinkham's Vegetable Compound is doing for women, so I began to take it. It has helped me wonderfully. I am feeling fine, do all my housework and washing for seven in the family. I have been irregular too, and now am all right. I am telling my friends what it has done for me and am sure it will do good for others. You can use this letter as a testimonial. I will stand up for Lydia E. Pinkham's Vegetable Compound any time."—Mrs. WM. JUHNKE, Foster, Oregon.

Doing the housework for a family of seven is some task. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

The annual pitch-in supper of the Pythian Sisters and invited guests was held Sunday evening at the home of Mr. and Mrs. Rue Webb south of the city. Those who enjoyed the affair were Mr. and Mrs. Noley Newkirk and two children, Mr. and Mrs. Gus Wilkinson and two daughters, Mr. and Mrs. D. M. Hillgoss and grandson, Lowell Osborne, Mr. and Mrs. John Wilkinson, Miss Gertrude Wilkinson, Mr. and Mrs. George Krammes, Mr. and Mrs. Selman Webb, Mr. and Mrs. Earl Priest and two sons, Edd Beer and Mr. and Mrs. Fred Brown, Mrs. Finley, the Misses Flora Gutaphel, Ann and Mary Worthington, and Fred Virtue, of Dayton, Ohio, Henry Korsberg, of Bayfield, Wisconsin, and Edward Sentman.

Mr. and Mrs. W. O. Fadner entertained a number of their Rotary friends Sunday with a high noon dinner part at their home in North Main street. The guest were Frank Manly and Ferd Hollweg of Indianapolis. Mr. and Mrs. John D. Miller and two daughters of Winchester, Ind., and Mr. and Mrs. Charles Dailey of Bluffton, Ind. The guests were friends of Mr. and Mrs. Feudner, whom they met while attending the International Rotary Convention, at Los Angeles, Calif. in June. They were part of the party in their sleeper and the gathering is known as the Sleeper B. reunion, it being the second meeting of its kind.

Letters of regret at their inability to be present were received from members of the party who live in remote parts of the state, and from Frank Hatfield of Evansville, the district governor of Rotary clubs. The invitations were in the form of railroad tickets and were a yard or so long.

ENGINEER GAINED 15 POUNDS AND FEELS FINE

Although many thousands of railroad workers have publicly endorsed Tanlac, few have been more ardent in their praise of the medicine than William J. Sterns, 281 Johnston St. Hammond, Ind., engineer on the Indiana Harbor Belt Railway.

Since taking Tanlac myself," says Mr. Stearns, "I fully agree that it's the 'World's Greatest Health Builder'. I took it to help me to get rid of a bad case of stomach trouble. I couldn't even eat the lightest meal without feeling all stuffed up and miserable for hours. Along with this indigestion I was troubled with headaches and nervousness that interfered with my sleep.

"I managed to keep going and do my work all right but my misery was a constant reminder that this 'Old Body Engine' was getting out of fix and that I had better have it repaired in order to avoid a breakdown. Well, sir, Tanlac has done just what I needed done—all I expected and more—and I am now feeling just the way a working man should feel. My appetite was never better, there isn't a flaw in my digestion, and I have taken on about fifteen pounds in weight. I am brimful of new life and energy and judging from the number of people who have taken Tanlac on my say so my enthusiasm must be contagious. Four or five bottles have made me feel just as good as new."

Tanlac is sold by all good drug-gists. —Advertisement.

days. No fly too low for him to get under. Swings like Babe Ruth and lands like Carpentier.

George Wiltse, the midget back stop. Began his baseball career twenty-five years ago at Bluffton when he was used to stop a knot hole in the fence. He dares not commit an error for fear of a calling by his life partner.

Charles Taylor, a graduate of the Summitville nine. He treats the ball like a flivver and never fails to get there. With a little more training expects to make the Washington School team.

Frank Abercrombie, a long fielder. Stands a long ways out. Never fails to find the ball in the grass. Leans back as he runs. His business has trained him to watch the ball.

Charles Caron. He sure is the "Candy Kid." Has more enthusiasm than one twice his years. Can play any position equally well. Runs like Judge Morris.

Walter Easley. Pitcher and first.

FIFTY YEARS AGO

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put out what he called his "Favorite Prescription," and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.

PAUL DAUBENSPECK

MILLER, CARR and COMPTON, Auctioneers.

ALBERT WINSHIP, Cashier. JOHN HEEB, Clerk.

Lunch served by Ladies of Little Flatrock Christian Church.

He moves in a mysterious way. Always dignified. Came to Rushville from the bush league before the war.

Lee Enders. His early training on the public square at Shelbyville has well fitted him for the diamond here. He has been on the square a few times since leaving Shelbyville. He is a hard hitter when he hits. Will be heard from if he gets a safe hit.

Roy Waggener, formerly member of the Franklin Marble club. Built for both freight and speed. Played town ball years ago. Can play any position equally well. Prefers the bench.

Harry Wyatt and George Grieser, pinch hitters: the former was a star in stealing bases before they put them so far apart. The latter got his early training under Boss Cox at Cincinnati. Was injured in the right fore leg in his last game and wrongfully called out at first but is hoping to recover sufficiently by Thanksgiving Day to Kick the umpire.

The above is the dope on the Rotary team as furnished by E. R. Casady, its manager, who admits that his talent is so good that he hesitates to state its real merit lest the opposing team should get discouraged in advance and refuse to play. He instructed his team in the former game to hold themselves in check and really make it a practice game in order to encourage the Kiwanians.

Norm Norris, manager and barber for the Kiwanis team with his hat on his left ear and thumbs in his vest pockets gives a long puff at his cigar and with a fade-a-way look, gives vent to his feelings as follows: "Ball game, sure we will play and win; Didn't we win the last game with half our team crippled? See our talent."

Bill Young, a doubled edition of Rayme Hargrove, tall, handsome, spry as Ray Lakin's Airdale. Bill can catch and preach at the same time. Watch him pour terror in the batters ear and grab the ball before it reaches the bat. He's a cyclone direct from Texas.

Nick Tompkins, our own Indiana whirlwind. Won his first game at the age of three, bawling out Bob. Would rather play than eat, but prefers to do both. His curves go six ways at once.

Will Trennepohl, from the Cincinnati Reds. A long ways from them. Never ruffled by having strikes called, except coal strikes. A perfect Chesterfield on the diamond. His hits go far, and come back late.

Derby Green, comes nearer being in two places at once than any one in the game. He's in perfect form always. It is not known how he

would take defeat as he has never been on the losing side.

Earl Osborn, has learned to stop the ball with his nose. Great artist. Has never failed to put the ball over the plate at least once in each game. His occupation has fitted him to stand hard wear.

Lloyd Nelson. Formerly with the Ging Team. Was loaned to the Rotary last season where he made a hit, yes a number of them, but was recalled at the beginning of this season. There is a strong bond between him and Bill Young.

Frank Catt. Former star pitcher on the new defunct Arlington Tigers. To see him in action is worth a long trip. It never rattled except when the ball is at his feet and he can't see it.

S. B. Groom. Became a star outfielder when playing with the Navy team on Bass Lake. A never failing hitter.

Glen Moore. Our own product. Has joined the "Fat Man's" Club. Enthusiastic player. Has earned more runs that he never got than any man in the game. Can say it with flowers and otherwise.

Paul Oren Learned the game under Joe Bell and Lew Shank. As an unknown he was tried out last year and was given a permanent berth at once.

Scott Hosier. A quiet, consistent player. Never roots lest he annoy his opponent. Takes the game quietly and surely. A perfect short stop in appearance.

Chas. Green, Game to the core. Never beaten, even after the umpire has given his decision. Has to his record a long list of put outs or "pull outs". In his youth was manager of the Tail Hoi Never Sweats. Can be depended on.

Walter Thomas. In the game to the finish. Plays any position. Is sure on a catch. Has caught more fowls than all the other men on the team combined. A desperate player in pinches. Is never chicken hearted.

The manager contends that this team is so evenly balanced that each man can play any position. So sure is he of winning the next two games and the series that the oysters are now being fattened for the feast to come when the men are taken off training.

To see these games is to receive an education in base ball, and know that your money is all spent here at home in a good cause.

"Experience" at Princess

No fashionable cabaret in New York, the City of Lights, can surpass in brilliance or color or extravagance of finish that which is used in George Fitzmaurice's Paramount production of "Experience", which is to be shown at the Princess Theatre today and Tuesday. The scenario of this well-known play by George V. Hobart, called for a typical New York restaurant, after the manner of such institutions of pleasure before the days of prohibition. No expense was spared to make this realistic and beautiful.

The color scheme is black and gold with a background of gold metal cloth. Huge ornate pillars, capped with metal domes, are set at intervals on the dining room floor.

A striking effect was obtained in this scene by the use of four little girls who soared above the dancers in swings and dropped rose-leaves

on the crowd below. Five hundred pounds of artificial rose-leaves and two bushels of confetti were let loose from "snow" banks above the setting.

Although only one quarter of the cabaret was built it accomodated four hundred people. For richness of color and novelty, this has seldom been surpassed in any picture. Richard Barthelmess, a popular young screen player, has teh leading role of "Youth."

"Thunderclap" at Mystic

"Thunderclap," the remarkable William Fox special scheduled for its premiere showing at the Mystic Theatre today and Tuesday is aptly heralded as "a thrilling melodramatic picture with a laugh every minute and a thrill every thirty seconds."

clap," also brings to mind the more exciting days of yester-year when gambling flourished, when the raucous call of the roulette wheel attendant mingled with the shrill laughter of the bizarre feminine and when fortunes changed hands with monotonous regularity.

Into this world of gilt and flushed cheeks there comes the girl of the convent, ignorant of the ways of the wily but strong of character and of purpose. Her experiences in this new world, the discovery of a true friend beneath the reeking atmosphere of drink and smoke and the result of the track performance of "Thunderclap" combine for a story which charms at the very outset and fascinates until the unwelcome end.

It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. It costs money to get new customers, the loss taken on this sale will be well spent if the goods please you.
